Health Sciences Program Admissions Guide

Mammography Program

Program: Mammography Certificate (Mammography Tech)

Credential(s) Awarded: Mammography Certificate. 1 semester, 12 credits.

Program Webpage: https://www.chattahoocheetech.edu/health-sciences/mammography.html

Program Location: One assigned clinical location, coursework 100% online.

Admissions Format: Restricted enrollment, fixed sequence. Courses have limited seats and are filled on a first come, first served basis. The program does not maintain a waiting list.

> **Important:** the Mammography Program is only for individuals that are already ARRT Registered Radiologic Technologists, or those who will be registered prior to program start.
>
> **Requirements for Clinical Education**: This is a one-semester program which includes Clinical Education. Students must complete all requirements for clinical credentialing by the first week of the semester. Carefully review the Requirements for Clinical Education portion of this guide before enrollment.

Course Schedule: Didactic coursework and clinical experiences are scheduled concurrently throughout the semester. Didactic coursework is 100% online, requiring approximately 6 hours per week. Clinicals average 18 hours per week for a total of 270 hours for the semester.

Summary of Important Dates for Mammography 4

Steps to Enroll in the Mammography Program

Step 1: Apply to Chattahoochee Tech and be accepted.

Go to the College Admissions webpage to apply.

A student 900# and email address are required to register for courses (Steps 2 and 3).

Step 2: Submit a Mammography Registration Request Form.

Go to the Mammography Program webpage.

Submit a Mammography Registration Request Form using the link on the program webpage to request registration for courses. See Form Instructions in this document.

The deadline to submit a Registration Request is December 20, 2026.

You will be required to upload proof of current Registry as a Radiologic Technologist by the ARRT. Documentation will be verified by program faculty.

Step 3: Register for Mammography courses.

If your Registration Request Form is approved, you will be notified by your Chatt Tech student email to register for Mammography courses.

The deadline to register for both RADT 2520 and RADT 2530 is January 04, 2027, regardless of Chatt Tech published deadlines. Students not registered by the deadline will not be able to attend the program.

Seats are first come, first served, and the program does not maintain a waitlist. Approval does not guarantee that seats will be available.

Additional Information

Students must be 18 years of age or older at the time of program enrollment.

HealthSciences.Admission@chattahoocheetech.edu

Mammography Registration Request Form – Instructions

Step 2 of enrollment is to submit a Mammography Registration Request Form using the link provided on the program webpage. The purpose of this form is to verify that the prospective student is currently registered by the ARRT as a Radiologic Technologist.

The deadline to submit a Registration Request Form is 12/20/2026.

Currently Registered Radiologic Technologists should upload proof of registry by the ARRT.

The deadlines and processes are the same for students who expect to graduate from a Radiography program in the Fall. Graduates should obtain and submit proof of ARRT Registry as a Radiologic Technologist by the deadline.

Required New Student Orientation

All students admitted to the Mammography program are required to attend New Student Orientation on January 05, 2027 at North Metro Campus, Building F, Room F219 from 9:00am to 12:00pm. Orientation is required for organized distribution of equipment and program materials, and to prepare for Clinical Education.

Attendance is required. Any student that does not attend will not be allowed to continue in the program and will need to withdraw from the program.

Mammography Program Course Sequence

The Mammography Certificate is only offered Spring Term each year. Students must register for both RADT 2520 and RADT 2530.

Term 1 - Spring	**Credits**
RADT 2520 Mammographic Anatomy, Physics and Positioning	6
RADT 2530 Clinical Mammography	6
Total Credit Hours:	12

Requirements for Clinical Education

The Mammography Program includes Clinical Education in course RADT 2530. Students must complete all requirements for clinical credentialing by January 18, 2027. This includes immunization requirements, background check, drug screen, BLS certification, and other requirements determined by the clinical site. Total estimated cost for these items is $600 in addition to college registration costs.

Immunizations

Chattahoochee Technical College does not require vaccinations as criteria for admission and enrollment of students; however, immunizations are required for college health programs by our clinical partners. Students may not complete clinical rotations without meeting clinical site immunization requirements. All required vaccinations must be complete prior to starting clinical practice. Students completing internships or practicums in other majors must adhere to all job site vaccination guidelines. Clinical and job site requirements can and do change without notice or input from the College.

Program Completion

After successful completion of the Mammography Certificate, students will be eligible to sit for the national Mammography certification examination offered by the ARRT. This program meets MQSA initial education requirements for mammographers.

Course Transfer Policy

The program does not accept transfer credit for RADT courses taken at another institution.

Summary of Important Dates for Mammography

1. Submit Registration Request Form by December 20, 2026.
2. Register for both RADT 2520 and RADT 2530 courses by January 04, 2027.
3. Attend Required New Student Orientation on January 05, 2027 at North Metro Campus.
4. Classes begin on Monday January 11, 2027.
5. Complete all requirements for Clinical Education by January 18, 2027.
