

Chattahoochee Technical College Lending Library Agreement

I understand that any lost books must be replaced by me, by the end of the semester. I am aware that a hold will be put on my student records, if any borrowed books are not returned by the end of the current semester in the same condition in which they were given. In the event that a hold is placed on my student record, the following sanctions will occur: I will be charged the price of a new copy of the textbook; I will not be allowed to register for the next term; obtain transcripts, or copies of student records; and any classes I am registered for in subsequent terms will be dropped. Textbooks are to be returned no later than the last day of final exams.
