

"Playing sports at Chattahoochee Technical College has allowed me to expand upon my opportunities while going to school. It has allowed me to serve my community and become a leader for today's youth. Chattahoochee Tech has also helped me culturally by giving me the opportunity to travel and meet other students".

## ...AND EVERY DOLLAR COUNTS WHEN IT'S A TEAM EFFORT

That's right. Dollars count for our basketball team.

As our team of CTC athletes press ahead on the court to score points, they are also pressing ahead in the classroom to reach personal goals.

In the classroom, most students receive HOPE funds and many receive other types of financial aid to help make their educational programs more affordable.

On the court, the players rely on their own resources and the resources of their teammates. State funding will not cover athletic initiatives, so the **Chattahoochee Tech Foundation** is helping our team.

These young men and women are pursuing their education at Chattahoochee Technical College and have a passion for basketball. We want to provide them with a full college experience that includes activities and education beyond the classroom.

Please help us give them hope on the court!
