Eligibility: Children from birth to 18 years if treatment at another facility would place a financial burden on the family

Service Area: Nationwide, Mexico, Canada.

Services:

- Network of 19 orthopedic hospitals and three burns institutes, founded by the Shrine, where children receive medical care free of charge.
- Shriners Hospitals offer medical care and services to children including outpatient and inpatient care, diagnostic services, surgery, medical care, casts, braces, X-rays, rehabilitation programs, recreation, and continuation of their education.
- Shriners burns institutes are staffed and equipped to treat patients with acute burns, patients needing plastic or reconstructive surgery as a result of "healed" burns, severe scarring.
- Family-centered care involves the family in the child's care and recovery; parents are taught how to care for the child at home; when possible, room is provided for parent to remain with child throughout hospital stay; family counseling is offered.
- A Shriner who acts as a liaison between the family and hospital sponsors every patient; Shrine Clubs often help arrange and pay for transportation for children and parents to hospitals, many Shriners volunteer to drive for families themselves.
- Research efforts achieve significant progress in orthopedic and burn treatment, including development of a method of "growing" skin from a sample of a patient's own skin.
