

Serving those who have served us!

The Green Zone Goal:

To create awareness and education about military culture and service members trying to re-acclimate to civilian and college life

What is the Green Zone?

- An initiative to support student veterans by designating locations recognized as a “safe place”
- Identifies faculty and staff throughout TCSG who are knowledgeable about issues faced by student veterans/family member and the resources available to assist them.
- Participants are identified by a Green Zone emblem located outside their office door and/or on their syllabus
- A way to be supportive to those who have sacrificed for others
- Helps faculty and staff provide supportive services necessary to ensure that veteran students or veteran family member are successful in their academic pursuits, adjust to the campus environment, and eventually transition to civilian employment

The list of your Green Zone Team follows on the next pages.

Serving those who have served us!
