

Protecting Miners' Safety and Health Since 1978

Anyone who works in the mining industry, including contractors working on a mine property, is considered a "miner" under the **Federal Mine Safety and Health Act of 1977**. The United States Congress created MSHA to help reduce fatalities, injuries and illnesses among miners in our nation's mines. We are committed to providing mining companies, miners, and contractors with the highest quality training, with a superior level of service, at the best possible price.

Course Fee: New Miner A, C and Annual Refresher: \$89.00 per class

New Miner B (includes MFA Basic): \$99.00

Registration Information:
