

The new Ellijay Learning Center location is 18090 Hwy 515, Ellijay, Georgia. From Ellijay, we are located on the right just past Hice Road and before Cherry Log. There is a red roofed barn just before the turn into the facility. The student entrance to the building and a parking area is at the rear of the building. Follow the one-way sign clockwise around the building and go to the left at the propane tank to the lower parking area. Take the steps up and the double-glass door entrance is to the left. Signs to the classrooms and office are inside the building.
