

Veterans Employed at CTC (August 2016)

You will see certain CTC staff and faculty wearing the pin on the above left. There are 50 CTC employees who are military service veterans and have over a combined 400 years of service in the military. Each one has been asked to wear this pin each day at the college in appreciation for their military service but also to self-identify to you as a fellow veteran who shares a common bond. You may find a veteran is teaching your course or is a Campus Police Officer. Each one could be a source for advice, support and encouragement for you. Here is that list of our American heroes (by campus):
