

OSHA 10-Hour for General Industry

Chattahoochee Technical College offers safety training packages that are intended to provide a variety of training to employees with some level of responsibility for safety in the workplace. Our instructor-led classes emphasize hazard identification, hazard avoidance, control and prevention above and beyond OSHA standards. This open enrollment 10-hour course provides an overview of the Occupational Safety and Health Administration and covers many of the 29 CFR 1910 OSHA General Industry Regulations and is designed for anyone working in general industry including manufacturing and distribution. Upon successful completion, participants will receive a US OSHA 10 General Industry certification card.

Required Topics:

- Introduction to OSHA Act, OSHA, Enforcement, and Recordkeeping
- Walking and working surfaces including fall protection
