Accelerated Phlebotomy Technician Course Sequence

Courses have limited seats and are filled on a first come, first served basis. The program does not maintain a waiting list.

Students must enroll in all PHLT courses at once for a given term.

Term 1 Fall or Spring	Credits
**ALHS 1011 Structure and Function of the Human Body	5
PHLT 1030 Introduction to Venipuncture	4
PHLT 1055 Clinical Practice	4
Total Credit Hours:	13

****ALHS 1011 Course**

- The requirement for ALHS 1011 may be met by completing all courses BIOL 2113, BIOL 2113L, BIOL 2114, and BIOL2114L with a grade of C or higher. To receive credit, contact the [Records Office](#) to request a Course Substitution.
- ALHS 1011 may be completed as either a co-requisite or a pre-requisite to PHLT courses. If completed as a co-requisite, it MUST be an online course due to time constraints in PHLT 1055 Clinical Practice course.

PHLT Courses: Courses PHLT 1030 and 1055 are co-requisites, and must be taken together in the same semester. Refer to the college [Academic Calendar](#) for dates.

- PHLT 1030 is offered in B Term (first 8 weeks of semester). Students must complete this course with a grade of C or higher to move on to PHLT 1055.
- PHLT 1055 is offered in C Term as a 4-week clinical experience. Typical schedule is five 8-hour days/week, or four 10-hour days/week.

Program Completion

After successful completion of all program courses, graduates are eligible to sit for the Certified Phlebotomy Technician (CPT) examination through the American Medical Technologists (AMT) agency. Certification exams are separate from college courses with distinct fees and registration.

Requirements for Clinical Education

The Accelerated Phlebotomy Technician program includes clinical education in course PHLT 1055. As part of beginning this program, students must complete all requirements for clinical education by the beginning of C-Term in either Fall or Spring semester. This includes immunization requirements, background check, drug screen, and CPR certification. Total estimated cost for these items is \$500 in addition to college registration costs. Instructions are sent via student email after registering for courses.

Students will receive communication from program faculty via their student email prior to the start of the Fall/Spring semester. Students must respond to faculty communication and complete all requirements for clinical experiences prior to the deadlines provided. Not completing the requirements for clinical experiences will result in being unable to complete the program of study.

Immunizations

Chattahoochee Technical College does not require vaccinations as criteria for admission and enrollment of students; however, immunizations are required for college health programs by our clinical partners. Students may not complete clinical rotations without meeting clinical site immunization requirements. All required vaccinations must be complete prior to starting clinical practice. Students completing internships or practicums in other majors must adhere to all job site vaccination guidelines. Clinical and job site requirements can and do change without notice or input from the College.

Course Transfer Policy

The program does accept transfer credit for General Core Courses taken at another institution. The program does not accept transfer credit for PHLT Courses taken at another institution.
