Veterans Support Center

At Chattahoochee Tech, we are proud to serve those who have served our country in the United States Military. As the technical college with the second highest population of veteran students, the college understands the importance of providing a central point of access to current and future students to assist with questions regarding financial aid, admissions, education benefits, counseling services, or general support for veterans, active military, and their family members.

Strategically located at our Marietta campus, students would be able to access the Veterans Support Center for guidance throughout the transition from active military to veteran student. This centralized location would enhance our current Office of Veterans Services and would include one full-time staff member and part-time work-study veteran students available through a partnership with Veterans Affairs.
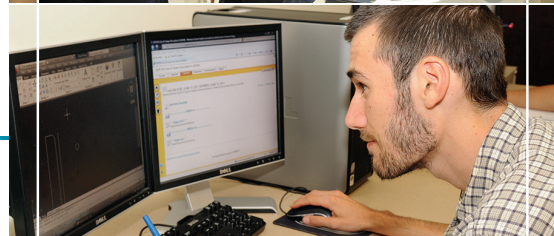

Funding Opportunites for the Veterans Support Center -

$335,000

Renovation of Physical Space at Marietta Campus - **$200,000**

Office Equipment - **$60,000**

Veterans Emergency Assistance Fund - **$50,000**

Stipend Fund for Veteran Mentors - **$25,000**

FOUNDATION

Veterans Support Center

Veterans Emergency Assistance Fund - $50,000

As an endowment administered by Chattahoochee Tech Foundation, the Veterans Emergency Assistance Fund would provide one-time grants to veterans in need of assistance with tuition, books, fees, or other personal expenses in order to maintain their enrollment status at Chattahoochee Technical College.

Stipend Fund for Veteran Mentors - $25,000

In 2016, Chattahoochee Technical College launched a Veteran Mentorship Program to aid students in the transition from active military to civilian to student. This program pairs incoming veteran students with a currently enrolled veteran student as a mentor to provide insight and guidance as they progress through their educational career. A stipend fund would cover expenses for mentors' time and travel for meetings.
