Mission Statement

Consistent with the vision and mission statements of Chattahoochee Technical College, the Radiologic Technology Program will be a leader in workforce development by providing an educational experience that prepares graduates with the necessary skills and proficiency required of a competent entry-level technologist, while reinforcing a strong work ethic. The program will utilize a competency-based evaluation system to assess the level of skill proficiency and the utilization of critical thinking and problem-solving skills relative to clinical procedures and patient care. A variety of clinical education settings and procedures will provide program participants with a well-rounded educational experience.

To support our program mission, the radiologic technology program has established the following program goals and student learning outcomes:

Goal: **The Student Will Be Clinically Competent**

Student learning Outcome: Students will utilize and demonstrate appropriate techniques

Student Learning Outcome: Students will display appropriate radiation safety practices

Student Learning Outcome: Students will demonstrate appropriate speed when performing radiographic images

Goal: The Student Will Demonstrate Professionalism

Student Learning Outcome: Students will demonstrate professionalism in the program

Student Learning Outcome: Students will demonstrate professionalism in the clinical setting

Goal: The Student Will Effectively Communicate
Student Learning Outcome: Graduates and students will demonstrate effective communication skills with patients

Student Learning Outcome: Students will demonstrate effective written communication skills

Goal: Students Will Demonstrate Critical Thinking Skills
Student Learning Outcome: Students will display appropriate critical thinking and problem solving skills during trauma procedures

Student Learning Outcome: Students will display appropriate measures to correct inadequate images

Student Learning Outcome: Student will display knowledge of critical thinking skills and problem solving skills
