Some changes you may notice on campus this fall:

- You will see signage encouraging everyone to socially distance while on campus.
- Because it's so difficult to maintain social distance in classrooms, students as well as faculty will be required to wear a mask.
- Masks will be required in certain places outside the classroom when social distancing is challenging, such as Libraries, Success Centers, Open Labs, Advising Offices, etc.
- Our facilities crews are working hard to keep campus clean and safe.
- While many activities and services continue to be offered online, the large majority of our on-campus services will still be available. Our offices hours will, however, be shortened.
- There may be fewer students in your classes, but we are trying to avoid turning away students.
- Students will be asked to do their part in keeping campuses safe.
- Students may be assigned seats in classrooms or provided health-and-safety supplies.
