## Annual FERPA Notification

### Notification of Student Rights Provided by the Family Educational Rights and Privacy Act (FERPA)

#### FERPA Information for Parents - FERPA Information for Students

The Family Educational Rights and Privacy Act (FERPA) provide certain rights to students with respect to their educational records. Those rights are as follows:

**The right to inspect and review the educational record within 45 days of the day the College receives a request for access.**

Students should submit a written request to the Office of Student Affairs identifying the records(s) they wish to inspect. The Director of Records will make arrangements for access and notify the student of the time and place where the records may be inspected. Chattahoochee Technical College provides web access to some student records through BannerWeb provided the student has an up to date username and password. Inspection of paper documents may be accomplished by contacting Student Affairs and setting up an appointment.

**The right to request amendment of the educational record if the student believes the record is inaccurate or misleading. Students may ask the College to amend a record believed to be inaccurate or misleading.**

The student should submit the written request to the Director of Records and clearly identify the part of the record that is believed to be inaccurate or misleading. \*This does not include issues such as grade appeals. The student should specify why the information is inaccurate or misleading. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified on the right to a hearing.

**The right to consent to disclosures of personally identifiable information contained in the student's educational record, except to the extent that FERPA authorizes disclosure without consent.**

One exception that permits disclosure without consent is a disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, or support staff position (including the Chattahoochee Technical College Police Department). Additionally, a person or company with whom the College has contracted is considered a school official for this purpose; i.e. the College Attorney, an auditor, collection agent, Board of Trustees member, student serving on an official committee, student assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.

**The right to file a complaint with the United States Department of Education concerning alleged failure of the College to comply with the requirements of FERPA.**

The name and address of the office that administers FERPA is the Family Compliance Office, United States Department of Education, 400 Maryland Avenue, SW., Washington DC 20202-5920

## **Directory Information**
