

# Are you interested in CTC's Health Care Management Program?

The Health Care Management (HCM) program gives students a well-rounded introduction into management of the modern medical office or health care facility.

## *What do Health Care Managers do?*

They plan, direct, and coordinate the business activities of healthcare providers. Duties may include managing the revenue cycle, compliance regulations, human resources, health information, marketing and business relationships.

## *Where might they work?*

Health Care Managers find employment in a variety of locations: medical offices, dental offices, chiropractic offices, insurance companies, outpatient clinics, and surgical centers.

**We will be hosting information sessions for those interested in the HCM Program.**

**Sessions will be held virtually using Webex.**
