CIST Programming Course Options

CIST 2371	Java Programming I
CIST 2341	C# Programming I
CIST 2351	Php Programming I
CIST 2742	Beginning Python Programming

Program Notes.

- If you have computer or programming skills, consider taking the exemption exams for CIST 1001 and CIST 1305.
- In addition to the courses at left, you are required to complete nine (9) credit hours of Basic Skills courses.
- It is strongly recommended that you take the following course as part of your required Basic Skills coursework:
 - Area II:** PSYC 1010 Basic Psychology or PSYC 1101 Introductory Psychology
- This eMAP along with meeting regularly with your program advisor and using DegreeWorks will help you stay on track to finish your program as quickly as possible and graduate from CTC.

Meet with your faculty advisor every term:

Ms. Tanya Mosley
