

Coronavirus Response and Relief Supplemental Appropriation Act (CRRSAA) – Spring 2023

Chattahoochee Tech will once again award CRRSAA funds to students enrolled in the spring semester 2023. Students who were enrolled at Chattahoochee Technical College in the spring of 2020, the onset of the pandemic, and are enrolled for spring 2023 will receive awards. These students have shown persistence to complete college during the COVID crisis. Each student will receive \$240.

Funds will be added to student accounts in March. Funds are disbursed in the same format as College refunds.
