It also encompasses the recruitment and employment of personnel and contracting for goods and services.

The following person has been designated to handle inquiries regarding the nondiscrimination policies: Title IX/Equity Coordinator for all campuses (Bartow, Cherokee, Cobb, Paulding and Pickens Counties) is Shanequa Warrington. He can be reached at 770-975-4023, sdwarrington@chattahoochee.edu. Chattahoochee Technical College adheres fully to the requirements of Title IV in both policies and procedures. It is the policy of Chattahoochee Technical College that all students shall be provided an environment free of unlawful harassment (including sexual harassment and sexual violence), discrimination, and retaliation. All students are encouraged to report any act of unlawful harassment, discrimination, retaliation and/or intimidation. Reports will be treated in an expeditious and confidential manner.

Overview of the Clery Act

Selecting the right College to attend is a very large decision for students and their families. Additionally, deciding where to work and build a career is also a big decision and one that needs to be made based on an assessment of a number of factors. Campus safety and security is an important factor that goes into both of these decisions and should not be taken lightly.

Responding to concerns regarding campus safety and security at Colleges and universities, Congress enacted the “Crime Awareness and Campus Security Act of 1990,” which amended the “Higher Education Act of 1965.” The 1998 amendments to this Act renamed it the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” in memory of Jeanne Clery, a freshman student at Lehigh University who was raped and murdered in her dorm room in 1986. This federal law has largely become known across the United States as the “Clery Act.”

All public and private postsecondary institutions that participate in Title IV student financial assistance programs must comply with the Clery Act. Among the various requirements, these Colleges and universities are required to prepare, publish, and distribute a report concerning campus crime statistics, safety and security policies on an annual basis through appropriate publications, mailings or via an online computer network. This report must be distributed to all current students and employees as well as all prospective students and employees upon request.

Compliance with the final regulations and provisions of VAWA does not constitute a violation of §444 of the General Education Provisions Act (20 USC 1232g), commonly known as the Family Educational Rights and Privacy Act of 1974 (FERPA).

All Title IV institutions with on-campus student housing are required to prepare and distribute an Annual Fire Safety Report with specific statements of fire safety policies and procedures as well as the annual fire safety statistics for the past three calendar years. This report, the Annual Security Report (“ASR”), contains the CTC ASR covering the years 2021, 2020 and 2020. Clery Act crime, arrest, and disciplinary referral statistics as well as information about safety and security policies and practices intended to promote awareness about security and safety at CTC are included herein.

Reporting the Annual Disclosure of Crime Statistics

CTCPD prepares the text for the policies and practices section with input and additional information from other College Departments. CTCPD works in conjunction with the following CTC departments to achieve compliance with the Clery Act:

- Student Services / Title IX Equity Coordinator
- Outside Law Enforcement Agencies Within Our Service Area

CTCPD also collects statistical information from Campus Security Authorities (CSA’s) and local municipal police departments; including the Bartow, Cherokee, Paulding and Pickens Counties Sheriff’s Office and the cities of Canton, Dallas, Woodstock, and Cobb County Police Departments.

CTC makes a good faith effort to obtain the statistics by requesting them, in writing, from non-police campus security authorities (CSA’s) and law enforcement agencies. CTC relies on the information obtained but is not responsible if the information is inaccurate or not provided.

Campus Security Authority (CSA)

Campus Security Authority is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution. Security Officers and non-public safety authorities do not have the powers of arrest and must contact Campus Police for an arrest to be made.

- A campus law enforcement unit;
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus security force, such as an individual who is responsible for monitoring entrance into school property (e.g., an access monitor);
- An individual or organization specified in a school's campus security statement as the individual or organization to which students and employees should report criminal offenses;
- An official of a school who has significant responsibility for student and campus activities including, but not limited to, student housing, student discipline, and campus judicial proceedings.

CTC Police Department Authority and Jurisdiction

The Chattahoochee Technical College Police Department (CTCPD) was recognized by the State of Georgia on February 19, 2009 as a full authority law enforcement agency. Under Georgia O.C.G.A. 20-3-72, O.C.G.A § 20-8-1, O.C.G.A. § 35-8-2.10, O.C.G.A. § 20-8-2, and O.C.G.A. 20-4-39. The CTCPD has full police authority under these provisions and authorized to make arrests on, and within 500 feet of any property owned or controlled by the Technical College System of Georgia, within the State of Georgia.

CTCPD is responsible for the safety and security of all campuses, facilities, students and employees of the College and its adjoining grounds. CTCPD Officers also meet all annually required training as set by the Georgia Peace Officer Standards and Training Council.

CTCPD also provides unarmed Community Service Officers (CSOs) to assist with security on campus through dispatch and CCTV camera systems. The CSOs are serving as the eyes and ears of the CTCPD. They do not have law enforcement powers of arrest.

Voluntary, Confidential Reporting

The Chattahoochee Technical College Police Department encourages anyone who is a victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the Chattahoochee Technical College Police Department cannot hold reports of a crime in confidence. Confidential reports for the purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Chattahoochee Technical College Campus Security Authorities. (Note: Only Campus Police Officers have law enforcement powers of arrest. Security Officers and all other personnel must contact Campus Police or their local Law Enforcement agency.

Professional and pastoral counselors are exempt from reporting requirements; however, we will assist persons in seeking pastoral assistance through referrals. Chattahoochee Technical College encourages counselors and clergy, if and when they deem it appropriate, to inform those they counsel of procedures for reporting crimes on a voluntary, confidential basis to any Campus Security Authority (CSA) for inclusion in the annual security report.

Protecting Victim Confidentiality

Chattahoochee Technical College officials will make every effort to ensure the confidentiality of survivors, and all members of the College community are urged to treat knowledge of an individual's status as a survivor of sexual assault/abuse in a confidential manner. Personal identification information is not published to the public.

It's the responsibility of students and employees to be responsible for their own security and the security of others on all of our campuses. If you "see something, say something", it's all of our responsibility to ensure a safe environment.

Reporting Hate Crimes and Incidents*

Reporting hate violence is a crucial component in the development of a more tolerant society and a hate free campus environment. If you have been the target of a hate crime or hate bias motivated incident, you are encouraged to report the occurrence to the Chattahoochee Technical College

Police Department. Under the Clery Act, each institution must report, by geographic location and by category of prejudice, any of the hate violence statistics for specified Clery Act Crimes of Murder and Non negligent manslaughter, Rape, Incest, Fondling, Statutory Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson. In addition, Larceny-Theft, Simple Assault, Intimidation, Destruction/Damage/Vandalism of Property that was reported to the local police agencies or to the campus security authority, that manifests evidence that the victim was intentionally selected because of the victim's actual or perceived:

Other Reporting Requirements

Responsible Employees

A responsible employee includes any employee: who has the authority to take action to redress sexual violence; who has been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX coordinator or other appropriate designee; or whom a student could reasonably believe has this authority or duty.

Subject to the exemption for counseling employees, a responsible employee must report to the school's Title IX coordinator, or other appropriate designee, all relevant details about the alleged sexual violence that the student or another person has shared and that the College will need to determine what occurred and to resolve the situation. This includes the names of the alleged perpetrator (if known), the student who experienced the alleged sexual violence, other students

involved in the alleged sexual violence, as well as relevant facts, including the date, time, and location.

Emergency Response and Evacuation Procedures

CTC has established procedures to ensure to the greatest extent possible for the safety and welfare of the College's students and employees. This procedure is to provide guidelines in case of a response to a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and employees occurring on or near the campus. The College has developed an Emergency operations Plan. This plan can be found on the website at <http://www.ChattahoocheeTech.edu/public-safety/> or at the Campus Police Department office. These plans provide detailed instructions for complying with the requirements found in 34 CFR §668.46(g).

Exercises and drills are key parts of the College's emergency response management program. CTCPD is responsible for scheduling and oversight of emergency exercises. Exercises are developed based on an assessment of which areas of emergency response capability need testing and will include appropriate internal and external groups needed to effectively test the College's response.

Emergency Notification

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:

Reports of emergency or dangerous situations can originate from various sources, including:

- Reports from first responders
- Reports from established warning points
- Reports from other campus departments
- Reports from citizens through 911

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:

With the exception of emergencies that are contained to one campus facility/area, the College has decided not to provide segmented emergency notifications. This decision was made based on the analysis of identified risks to the campus and to prevent accidental exclusion of a segment of campus population that the emergency notification was intended for.

In the situations when a single facility/area is involved, facility alarms, public address systems, phone-trees, and other technologies of the facility may be utilized to provide warning. Campus personnel may also provide warning if needed and feasible. Should a segmented emergency notification be issued, ongoing assessments of the situation will occur and a campus-wide notification will be sent as necessary.

Determining the Contents of the Emergency Notification

The content of an Emergency Notification will depend on the situation and the notification method. However, the following information will be included in all initial Emergency Notifications regardless of the situation or method:

- A description of the situation (flash flood warning, dangerous situation, etc.)

- Relevant safety instructions (move to higher ground, shelter in place, etc.)

A third element of where to get more information (i.e., College website) will be included in the initial notification if feasible. Because of text character limits, or the immediate availability of information, the third element of where to get information may not always be included in the initial emergency notification.

Procedures for Disseminating Emergency Information to the Greater Community

Chattahoochee Technical College Police Chief in conjunction with the Office of the President is responsible for initiating Emergency Notifications of criminal or emergency occurrences to the greater community.

Enrolling in the Chattahoochee Technical College's Emergency Notification System

When a student is registered or a new employee is hired, their account is created for them. Within the first week of the semester, they should receive an email in their student email account with their login information. Once they receive that information, they need to take a moment to login and review/update their contact information. Once they graduate or leave the College, their account will be disabled.

Timely Warnings

The circumstances of any particular situation coupled with the CTCPD's evaluation of the situation/threat potential and authorization from CTC President or designee, will dictate the need and manner for the issuance of an Alert bulletin. CTC has the capabilities to notify all students, faculty and staff by one or all of the following notification systems: Eagle Alert, which can send a message to the students, faculty and staff by email, text messages; and via telephone speaker system for all CTC telephones. All emergencies are confirmed through the CTC Campus Police Department.

However, in general, whenever there has been a report of a violent crime or a major property crime on campus and the CTCPD is of the opinion that the safety of the campus community is at a continual risk, a Timely Warning will be issued.

How will Timely Warnings be issued

The Warning process will at a minimum entail a combination of

- All-campus electronic mail postings.
- Electronic posting on the Chattahoochee Technical College Police Department web page
- Physical postings of bulletins in designated campus buildings by campus police and security personnel may be an option depending upon circumstances.
- The campus wide Eagle Alert announcement system.

The system is capable of rapidly sending text and voice messages to identified devices and systems.

- Campus phone system
- Campus alerts
- Mass notification system (Eagle Alert)
- Campus e-mail system

Daily Crime Log

A Daily Crime Log of all criminal offenses reported on the campus is maintained by the Chattahoochee Technical College Police Department and is available for public inspection between the hours of 8 AM and 5 PM, Monday through Thursday at our North Metro Campus Police Departments 5198 Ross Rd. Acworth, GA. 30102, excluding holidays when the College is closed.

The Chattahoochee Technical College Police Department may withhold information from the Daily Crime Log if the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to evade detection or flee, and/or result in the destruction of evidence.

Chattahoochee Technical College Police Department's Daily Crime Log covers the most recent 60-day period and is open for public inspection during normal business hours. Daily Crime Log information dating back more than 60 days will be made available for inspection within two business days of a written request.

Campus Emergency Evacuation Procedures

Evacuation drills are conducted quarterly and at additional intervals as determined by the CTCPD. These unannounced drills prepare building occupants for an organized evacuation in case of fire or other emergencies. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits, the evacuation route, designated assembly locations, and the sound of the fire alarm.

The Emergency Procedure Quick Reference Guide was developed to provide an organized response to most emergencies that can be expected in the workplace. The manual is posted next to the door of every room throughout the entire CTC system and provides actions to be taken by staff, faculty, and students in the event of an emergency as well as proper building evacuation and emergency response procedures.

EVACUATE when:

- A fire and/or life safety emergency occurs;
- The fire alarm activates (audible and/or visual);
- Notified to do so by emergency response personnel;
- Be aware of all exits from your area and building. Know the routes from your work area.
- When the fire alarm activates or you are told to leave, WALK quickly to the nearest marked exit and ask others to do the same. DO NOT RUN;
- DO NOT USE ELEVATORS unless directed to do so;
- ASSIST persons with disabilities, access or functional needs if you are willing and able;
- Notify emergency personnel if you suspect someone may be trapped in the building;
- Once outside, move to your designated assembly area. Keep streets and walkways clear for emergency vehicles and personnel;
- DO NOT return to an evacuated building until an all-clear message is given and you are directed to do so.

All individuals are expected to comply with the related laws.

Georgia House Bill 280, commonly referred to as the “campus carry” legislation, took effect as of July 1, 2018. For more information on this new law (which amends O.C.G.A. § 16-11-127.1) and how it will be implemented on University System of Georgia campuses, please read [Chancellor Wrigley’s guidance to the USG community](#), dated May 24, 2018. Below you will find additional information in response to common topics of inquiries that members of the USG community have posed.

First, it is important to reiterate that House Bill 280 establishes that anyone who is licensed to carry a handgun may do so – in a concealed manner only – anywhere on Georgia’s public college and university campuses, except in certain areas that are specifically listed in the law. If an area of campus is not mentioned in one of those exceptions, license-holders may carry guns there. Unlike “campus carry” laws in some other states, HB 280 does not give colleges and universities in Georgia discretion to prohibit handguns on their campuses or to add any additional exceptions to the ability to carry handguns beyond those already contained in the law.

Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Minors under the age of 16 cannot legally consent under Georgia law.

Consent can be withdrawn at any time by either party using clear words or actions.

The Chattahoochee Technical College Police Department provides officers as a "Safety Escort Service" for any student, employee or visitor that wishes an officer to escort them to or from their vehicle. This service operates during the hours each campus is open and can be requested by calling dispatch at 770-529-2311.

Annual Disclosure of Crime Statistics

In compliance with the Clery Act, the Chattahoochee Technical College Police Department has the responsibility to report certain crime statistics to the Department of Education. Additionally, the Chattahoochee Technical College Police Department must also comply with other state and federal crime statistics reporting mandates. There is a vast difference in reporting requirements between the Clery Report and other state and federal crime statistics reporting mandates. Clery reporting requires the reporting of student disciplinary referrals that are not required by either state or federal law enforcement. The Clery Report also mandates the collection of crime data from non-law enforcement personnel identified as "Campus Security Authorities."

Campus Security Authorities Crime statistics gathered by the Chattahoochee Technical College Police Department are collected and reported on an annual/calendar year basis. Acquaintance Rape on College Campuses

Although you may never have been personally involved in a sexually violent situation, the chances are that someone you know has been. The following material will address the subject of acquaintance rape, a problem that is increasing on college campuses. It will define acquaintance rape, offer suggestions on how to avoid it, and give information on how to help a victim. Rape is not just a problem for women. Men and women must work together to bring about the changes needed to end sexual violence.

Types of Rape

People who are forced to have sexual contact against their will are victims of sexual assault. If the assault involves sexual intercourse by force or without consent, it is rape.

Two types of rape are:

- Acquaintance Rape — rape by someone the victim knows (this type of rape occurs most often)

- Stranger Rape — rape by someone unknown to the victim.

Rapists aren't always strangers. When someone you know — a date, steady boyfriend or casual friend — forces you to have sex, it's still rape.

Preventing Acquaintance Rape

There are no definite rules to avoid becoming a victim of acquaintance rape. However, if expectations and feelings about sex are clearly communicated, then rape is less likely to happen.

Active Bystander

How to be an Active Bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take advantage of another person. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

(Bystander intervention strategies adapted from Stanford University)

Procedures for Reporting Sexual Assault, Dating and Domestic Violence

Persons who believe they have been sexually assaulted or who have been the victim of any type of sex offense or violent crime on campus should immediately report the incident to the Chattahoochee Technical College Police Department at: 770-529-2311. If the incident occurred off campus dial 911 to contact your local law enforcement agency. Some victims may also feel more comfortable talking with friends or confidants, but is encouraged that you contact your campus or local police agency. All information reported is kept confidential.

If you or someone you know has become a victim of a sex offense, then the following steps are strongly suggested:

- Get to a safe place.
- Call the police immediately.
- If you are not sure about prosecution, but you might want to prosecute later, you are encouraged to obtain a medical evidentiary examination. You are encouraged to file a police

report and you always have the right to change your mind and not to pursue a criminal complaint.

- If you are not sure what to do, you can call the National Rape Crisis Hotline at: 1-800-656-HOPE.
- Do not bathe, shower, douche, change your clothes, or disturb anything at the crime scene. Extremely valuable physical evidence can be obtained from you, your clothing, and objects at the scene of the crime.
- If you do not wish to make a report to the police, you are still encouraged to seek professional medical advice. It is important not to forget the possibility of sexually transmitted diseases and/or pregnancy.

The CTC Police Department maintains all crime reports in their Records Management System. These records are kept confidential in accordance with federal and state guidelines. All victim's information is kept and protective measures are provided for the victims.

Due to the mandates of the Clery Act and Title IX, and as part of the federal mandate under the Campus SAVE Act, the College must offer programming in regard to preventing violence within the campus community, presenting students information on bystander intervention, harassment, bullying, sexual assault prevention, drug and alcohol use and consent, dating dangers, and strategies to ensure each student's safety on campus.

The HAVEN program is an interactive online program aimed at making our campus safer by encouraging students to be aware of their surroundings and to play a role in proactively circumventing dangerous situations. Situations may apply to dating violence, possible sexual assault, and stalking behaviors that can be prevalent in our world and unfortunately in some environments; even those we consider safe such as the College campus. It is also to encourage students to interact as bystanders — safely of course — or call for help if they observe someone in a troubling situation such as being bullied, stalked, coerced into unwelcome intimacy, or simply being bothered by another. The content contains the following subjects: importance of values, aspects of unhealthy versus healthy relationships, effective communication styles, the role of alcohol in poor decision making, gender socialization overview, sexual assault prevention, consent versus non-consent, bystander intervention, and the choice for ongoing activism against assault, aggression, and violence.

The program has scenarios presented that provides information on risk reduction and recognizing warning signs of abusive behavior, enhancing communication skills with others, as well as safe and positive options for bystander intervention. Some of these scenarios are interactive; for example, you might be given four options on how you might handle a presented situation or scenario. Once you make a selection, you will be provided with an overview of the pros and cons of your assessment of the situation and the choice you made for possibly taking action (or not). After a month, you will take a brief survey to assess what you have learned and retained from the program and an assessment of your attitudes towards sexual and relationship violence, social norms around bystander intervention and self-efficacy in intervening and supporting victims of violence. There may be confidential questions related to a student's history of sexual assault (both as a victim or perpetrator), abuse, and stalking. You may answer "prefer not to answer" for questions that seem particularly intrusive to your privacy.

For students who have been victims of violence or assault (emotional or physical), these can be painful topics and students can request an exemption from participation in the course as it may

cause the student to feel uncomfortable or possibly relive painful past encounters. Please contact the Director of Counseling if the above explanation helps you decide whether or not to participate in HAVEN or if you have any additional questions about the content. Last, please let the Counseling Center know if you need to be exempt and briefly, why you have requested to be exempt.

- Restriction – A restriction upon a student's privileges for a period of time may be imposed. This restriction may include but is not limited to denial of the right to represent the technical College in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.

Legal Options:
 - Reporting a sexual assault, attempted sexual assault, domestic violence, dating violence or stalking to the Chattahoochee Technical College Police Department does not mean that the survivor must press charges. However, it does begin the legal process should the decision to prosecute be made at a later date. The sooner an assault is reported the more likely valuable evidence can be collected.
 - Survivors can consult an attorney about initiating a suit in civil court for damages against the assailant. The purpose of a civil suit is to compensate the survivor for the wrong done to them. A civil action may be brought against the assailant regardless of whether criminal charges are pursued.

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the institution will provide the student or employee a written explanation of the student's or employee's rights and options.

Unfounded Crime Reports

A reported Clery crime to the CTCPCD may not be withheld or subsequently removed from the Clery crime statistics data based on a decision by a court, coroner, jury, prosecutor, or other similar non-campus official. However, a reported crime may be subsequently removed from the crime statistics in the rare situation where sworn law enforcement personnel have fully investigated the reported crime and, based on the results of a full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded."

Only sworn or commissioned law enforcement personnel may "unfound" a crime report. It is important to note that the recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, or the failure to make an arrest do not "unfound" a crime report.

Sex Offender Registration – Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act is a federal law enacted October 28, 2000, that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus.

The act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act that requires sex offenders already required to register in a state to provide notice, as required under state law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. Furthermore, it requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies

with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes took effect October 28, 2002.

It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. These changes took effect October 28, 2002, and this notice took place beginning with the annual security report due October 1, 2003.

Lastly, the act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders. It also requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

To find the sex offender registry for Georgia, visit <http://gbi.georgia.gov/georgia-sex-offender-registry>. This website provides access to information on registrants employed or enrolled at Georgia institutions of higher education.

Megan's Law

In accordance with O.C.G.A. § 42-1-12, the Georgia Bureau of Investigation (GBI) is the central repository for Georgia's Violent Sexual Offender Registry. The Georgia Bureau of Investigation makes every effort to ensure that the information contained in the Georgia Sex Offender Registry is accurate. Disciplinary Action: Students

Regardless of criminal prosecution decisions, all criminal cases involving students are referred by the Chattahoochee Technical College Police Department to the Vice President of Student Affairs. When there is evidence that a student has committed a crime on campus, disciplinary action at the Chattahoochee Technical College may proceed whether or not criminal charges involving the same incident have been adjudicated or dropped.

Violation of Law

- If a student is convicted or pleads nolo contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to the technical College's vital interests and stated mission and purpose.
- Disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the Student Code of Conduct if both violations result from the same factual situation, without regard to criminal arrest and/or prosecution. Proceedings under the

Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.

- When a student is charged by federal, state, or local authorities with a violation of law, the technical College will not request or agree to special consideration for that individual because of his/her status as a student. The technical College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

STUDENT DISCIPLINARY PROCEDURE

The administration reserves the right to maintain a safe and orderly educational environment for students and staff. Therefore, when, in the judgment of technical College officials, a student's conduct disrupts or threatens to disrupt the Chattahoochee Technical College community, appropriate disciplinary action will be taken to restore and protect the atmosphere of collegiality and mutual respect on campus. This procedure is intended to provide an orderly protocol for handling student disciplinary cases in accordance with the principles of due process and justice.

Filing a Complaint

- Any person may file a complaint with the Vice President for Student Affairs or the technical College president's designee against any student for an alleged violation of the Student Code of Conduct. The individual(s) initiating the action should complete a Student Code of Conduct Complaint Form, and provide it to the Vice President for Student Affairs or the technical College president's designee.
- Academic misconduct may be handled using this procedure or a separate Academic Misconduct Procedure at the discretion of the president.

Investigation and Decision

- Within five business days after the Student Code of Conduct Complaint Form (the "Complaint") is filed, the Vice President for Student Affairs or the technical College president's designee shall complete a preliminary investigation of the incident, and schedule a meeting with the student against whom the complaint was filed in order to discuss the incident and the allegations. In the event that additional time is necessary, the student will be notified. After discussing the complaint with the student, the Vice President for Student Affairs or the technical College president's designee shall determine whether the student committed the alleged conduct, and whether the alleged conduct constitutes a violation of the Student Code of Conduct.
- The student shall have five business days from the date contacted by the Vice President for Student Affairs or the technical College president's designee to schedule the meeting. This initial meeting may only be rescheduled one time. If the student fails to respond to the Vice President for Student Affairs or the technical College president's designee within five business days to schedule the meeting, reschedules the meeting more than once, or fails to appear at the meeting, the Vice President for Student Affairs or the technical College president's designee will consider the available evidence without student input and make a determination.
- In the event that a complaint alleges violations of the Student Code of Conduct by more than one student, each student's disciplinary proceeding, as well as any appeals relating to that proceeding, shall be conducted individually.
- If the Vice President for Student Affairs or the technical College president's designee determines that the student is guilty of a violation of the Student Code of Conduct, he/she shall impose one or more disciplinary sanctions consistent with those described below. If the

Vice President for Student Affairs or the technical College president's designee determines that the alleged conduct did not occur, or that the conduct was not a violation of the Student Code of Conduct, he/she shall not impose any disciplinary sanctions on the student and the investigation shall be closed.

Disciplinary Sanctions

Based on the severity of the incident, the Vice President for Student Affairs may take one of the two actions:

- After a determination that a student has violated the Student Code of Conduct, the Vice President for Student Affairs or the technical College president's designee may impose one or more of the following sanctions. Notification shall be sent to the student and the person(s) who initially filed the complaint.
- *Restitution* – A student who has committed an offense against property may be required to reimburse the technical College or other owner for damage to or misappropriation of such property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.
- *Reprimand* – A written reprimand may be given to any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is in effect being given another chance to conduct himself/herself as a proper member of the technical College community, and that any further violation may result in more serious sanctions.
- *Restriction* – A restriction upon a student's privileges for a period of time may be imposed. This restriction may include but is not limited to denial of the right to represent the technical College in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.
- *Disciplinary probation* – Continued enrollment of a student on probation may be conditioned upon adherence to specified terms. Any student placed on probation will be notified of the terms and length of probation in writing. Any conduct determined after due process to be in violation of these terms while on probation may result in the imposition of more serious disciplinary sanctions, as specified by the terms of probation.
- *Failing or lowered grade* – In cases of academic misconduct, the Vice President for Student Affairs or the technical College president's designee will make a recommendation to the Vice President for Academic Affairs or his/her designee who may authorize the instructor to award a failing or lowered grade in the course, or a loss of credit on the assignment or examination.

After a determination that a student has violated the Student Code of Conduct, the Vice President for

Student Affairs or technical College president's designee may recommend the imposition of one of the following sanctions if appropriate. The Vice President for Student Affairs' recommendation will be forwarded to the hearing body, which may impose one or more of the following sanctions, as well as those described above, following a hearing. A copy of the written recommendation shall be provided to the student and the person filing the complaint:

- *Disciplinary suspension* – If a student is suspended, he/she is separated from the technical College for a stated period of time. Conditions of reinstatement, if any, must be stated in the notice of suspension.
- *Disciplinary expulsion* – Removal and exclusion from the technical College, technical College controlled facilities, programs, events, and activities. A record of the reason for the student's dismissal is maintained by the Vice President for

Student Affairs or the technical College president's designee. Students who have been dismissed from the technical College for any reason may apply in writing for reinstatement twelve (12) months following the expulsion. If approval for reinstatement is granted, the student will be placed on disciplinary probation for a specified term. The probationary status may be removed at the end of the specified term at the discretion of the Vice President for Student Affairs or the technical College president's designee.

- *System-wide expulsion* – Where a student has been expelled or suspended three times from the same or different Colleges in the Technical College System of Georgia in the past seven years, the student will not be permitted to register at any College in the Technical College System of Georgia for a period of ten years after the most recent expulsion/suspension.

Violation of Federal, State, or Local Law

- If a student is convicted or pleads nolo contendere to an off-campus violation of federal, state, or local law, but not with any other violation of the Student Code of Conduct, disciplinary action may be taken and sanctions imposed for misconduct that is detrimental to the technical College's vital interests and stated mission and purpose.
 - Disciplinary proceedings may be instituted against a student charged with violation of a law that is also a violation of the Student Code of Conduct if both violations result from the same factual situation, without regard to criminal arrest and/or prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.
 - When a student is charged by federal, state, or local authorities with a violation of law, the technical College will not request or agree to special considerations for that individual because of his/her status as a student. The technical College will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

Interim Disciplinary Suspension

- As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the allegations against him/her. However, interim suspension may be imposed upon a finding by the Vice President for Student Affairs or the technical College president's designee that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and well-being of the accused student or any other member of the technical College community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom or other technical College related activities. If an interim disciplinary suspension is imposed, the matter must be referred as soon as possible to the hearing body. The student need not request an appeal.

Conditions of Disciplinary Suspension and Expulsion

- A student who has been suspended or expelled from the technical College shall be denied all privileges afforded a student and shall be required to vacate technical College premises at a time determined by the Vice President.
- In addition, after vacating the technical College premises, a suspended or expelled student may not enter upon the technical College premises at any time, for any purpose, in the absence of written permission from Vice President for Student Affairs or the technical College president's designee. A suspended or expelled student must contact Vice President for Student Affairs or the technical College president's designee for permission to enter the technical College premises for a limited, specified purpose.
- If the student seeks to appeal the sanction, the student should contact the Vice President for Student Affairs or the technical College president's designee must accept the form by mail or fax if he/she refuses the student's request to enter the technical College premises for that specified purpose.
- A scheduled appeal hearing before the hearing body shall be understood as expressed permission from the Vice President for Student Affairs or the technical College president's designee for a student to enter the technical College premises for the duration of that hearing.

Mediation

- At the discretion of the technical College president, the technical College may adopt a mediation procedure to be utilized prior to the appeals set forth herein. Mediation may never be used in cases of alleged sexual misconduct.

Hearing/Appeals Procedure

- A student who wishes to appeal a disciplinary decision by the Vice President for Student Affairs or the technical College president's designee regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the technical College president's office for review by the hearing body within five business days of notification of the decision. The person filing the initial complaint against the student must be notified of the hearing date.
- If the Vice President for Student Affairs or technical College president's designee recommended a sanction of disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the matter will be referred to the hearing body by the Vice President for Student Affairs. The student need not file a written notice of his or her desire to appear before the hearing body. The person filing the initial complaint shall also be given notification of the hearing.
- The student will then have the right to appear in a hearing before a hearing body assigned by the president or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an interim disciplinary suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a hearing body. The hearing body may consist of a single person or a group of people drawn from the technical College community. There shall be a single official record, such as a tape recording, of all hearings before the hearing body. The record shall be the property of the technical College.

The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the hearing body shall notify the technical College president and the Vice President for Student Affairs in writing of the hearing body's decision. The technical College president or his/her designee will notify the student in writing of the hearing body's decision. d. If the student appeared before the hearing body to appeal the Vice President for Student Affairs or technical College president's designee's sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the hearing body's decision regarding the appeal is final. A copy of the hearing body's written decision will be provided to both the student and the person who filed the original complaint.

- If the student appeared before the hearing body after the Vice President for Student Affairs or technical College president's designee recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical College president.
- If entitled to an appeal to the technical College president, the student shall have five business days after receiving written notification of the hearing body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal. The president of the technical College or his/her designee's review shall be in writing and shall only consider evidence currently in the record, new facts not brought up in earlier stages of the appeal shall not be considered. The technical College president or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the technical College president or his/her designee shall be final and binding.

Document Retention

The Vice President for Student Affairs or technical College president's designee shall retain a copy of all documents concerning complaints, investigations, administrative actions, and communications in relation to any incident that resulted in a disciplinary investigation of any kind against a student. The Vice President for Student Affairs or technical College president's designee will also retain records of any disciplinary appeals filed by the affected student, as well as the resulting record of appeal and decision submitted by the hearing body and Vice President for Student Affairs or technical College president's designee. A record of the final decision must also be retained. All records specified in this section shall be retained for a period of five years.

Behavioral Intervention Team Overview

Chattahoochee Technical College has initiated a ***Behavioral Intervention Team***. The purpose of this team is to review behavior of identified individuals to determine if a nature of concern is warranted. Behaviors that violate the Student Code of Conduct or other laws and those that may impose any type of threat or impediment to the freedom of learning are most closely scrutinized. Unprofessional behaviors that occur in the classroom or surrounding campus premises may be identified by faculty or staff of the College and reported by CTC supervisory personnel to the Behavioral Intervention Team. Some situations may warrant campus police action initially.

Mission Statement

The mission of the Chattahoochee Technical College Behavioral Intervention Team is to coordinate information and develop support plans to promote student health, well-being and a

successful academic experience. The team is to develop a uniform and institutional response to promote campus safety through an active process of threat assessment and behavioral intervention.

Key Objectives

- Develop intervention strategies to assess and deal with threat, violence, disruptive behaviors
- Serve as a review team for cases referred to Behavioral Intervention Team

Goal

All members of the campus community are encouraged to be alert to the possibility of violence on the parts of employees, students, former employees, visitors, or others. The goal is to identify members of the College community who has exhibited extremes in behavior, distress, disruption, and dissension or has done something that raised serious concern about their well-being, stability, or potential for violence or other accounts of behavior in violation of the student code of conduct. Any report of violence or perceived threats of violence, to include violation of the student code of conduct, will be handled in a confidential manner with information released only on a need to know basis.

Reporting

A Behavioral Intervention Team Referral Form will be made available to all members of the campus community by way of the CTC Intranet and/or website. This form will enable referring personnel to subjectively report the information in a timely and uniform manner. All employees are encouraged to share behavior incidences with supervisors as a first line of action. The immediate supervisor will refer the report to BIT chairperson. The Behavioral Intervention Team will review in a coordinated fashion, and issue a recommendation within five business days. The team, or members thereof, might meet directly with a student involved in a disruptive incident or with the faculty or staff member, associate dean, dean, division chair and/or supervisor at its discretion.

Role of the Team: To follow up on reports and identify if a situation warrants:

- No further action is needed
- Further investigation and or coordinator of resources and services should be gathered to assess the threat or conduct
- Meeting with student regarding behavior
- Escalation to the student disciplinary protocol to include the Behavioral Intervention Team.

Behavioral Intervention Team Members:

Director of Counseling

Counseling designee

Vice President for Student Affairs or designee

Designee from Academic Affairs

Chief of Police

Disability Service Coordinator

Vice President for Human Resources

Designee for Student Life

Student Navigator

Role of the Team:

To serve as consultants on campus and to educate the campus community in regard to reporting criteria. Because of their constant interaction with students, CTC faculty and staff are in the best position to help identify students or others who may find themselves in a crisis situation. The team would be available to monitor situations that could be approaching crisis status. Crisis might be defined as a situation where there is a potential threat of harm being done to someone or to groups of people; a potential for a person doing harm to self; and /or signals that a person exhibits lack of connection with reality; and occasions where criminal behavior has occurred or may occur. The goal would be to strategize as well as manage ways of habitually and effectively responding to those issues in a uniform and equitable manner.

In addition, “red flag” behaviors may be exhibited by students or other members of the campus community; therefore, faculty and staff trained to recognize such behaviors are more likely to report patterns of aberrant or potentially violent behaviors.

Examples of when faculty and staff might refer to the Behavioral Intervention Team

Because of their constant interaction with students, CTC faculty and staff are in the best position to help identify students who may find themselves in a crisis situation. Students are at times more likely to confide in a faculty or staff member than to seek professional help. At other times “red flag” behaviors may be exhibited by students; faculty and staff trained to recognize such behaviors are more likely to report patterns of aberrant behaviors. Possible examples of when faculty and staff might refer to the Behavioral Intervention Team through their supervisors:

- A student alluding to or talking about suicide or other self-injurious behaviors
- Behaviors that are threatening or have the potential to harm others
- Abnormal and/or disorganized behavior that disrupts the normal functioning of the campus environment and impedes the freedom to learn or to teach
- Writings or other communications that imply dangerous intentions to self or others
- Threatening online postings or emails to faculty, staff, other students
- Noticeable and dramatic changes in day to day behavior (absenteeism, late arrivals, aberrant behavior in class, significant drop in grades, declining personal care)
- Attending classes under the influence of drugs and/or alcohol
- Paranoia (blames others in the class for his/her problems)
- Extreme lack of emotional responsiveness or displays of emotions that are excessive
- Disrupting class in verbal or nonverbal ways

Intervention Strategies

While it is not expected that any faculty or staff member provide an immediate response or intervention, those persons might be the first to recognize a student experiencing distress and

could provide a referral for that student. The following are intended to be guides to assure a better outcome in responding to or averting a possible sensitive situation:

Safety is a priority: Make personal safety your first step when interacting with a distressed student. Always keep a safe distance and keep eye contact with the student. Keep your emotions and facial expression neutral if possible. Do not engage in any sudden movements. Try to evoke the aid of others in the vicinity as escalation of emotions may be tampered when there are others witnessing a situation. Call Campus Police and Security if a situation seems to be leading to bodily injury, unmanageable emotions, or other outcomes in which those close to the situation may be harmed.

Avoid escalation: Distressed people are easily provoked in some situations in which they feel they have no choice or no control over the outcome of a situation. Avoid responding in kind with threatening, humiliating and intimidating responses in an effort to get control over the situation or the student. Use a calm non-confrontational approach with the student. Ask the student for the outcome he/she seeks. If the outcome is not possible, explain in detail with empathy and compassion. Students who are upset need good listeners and support, especially if the answer they seek is not forthcoming. Repeat an explanation in the same way in a calming manner. If you can get collaboration with another individual to support your explanation, do so.

Ask direct questions: You need not be afraid to ask people directly if they are having difficulty. If you have an idea that a person is having thoughts of harming one's self, it is appropriate to ask for clarification and offer some assistance even in the form of a direct referral. Many students will be relieved that someone is noticing their stress and willing to assist, even if it involves a referral to someone more capable of helping them. While it is true that some students may overdramatize what they are experiencing, most are not trying to manipulate a situation.

Report an incident: Until a referral can be made, you may be able to de-escalate a situation by listening and responding with empathy. However, there might be situations that may escalate again because a student has learned perhaps that he/she may get temporary satisfaction from bullying or intimidating a faculty or staff member. In these instances, it is best to record the incident and report it to a supervisor to establish a possible pattern of behavior. These seemingly random or singular incidences may prove for a basis of intervention by the BIT committee at a later date.

Make a referral: Encourage the student to seek assistance from Student Support Services. However, if safety is a concern; notify Campus Police at once.

Educating the Campus Community

The Behavioral Intervention Team recommends three primary communication methods for building awareness throughout the campus community, both to introduce the team and to communicate effective identification of crisis and non-crisis incidents that might benefit as an issue worthy of team intervention. The CTC Intranet Aerie web page will include the Behavioral Intervention Form, the CTC website will provide an explanation of the BIT committee and protocol, and interactive campus-wide workshops on such topics as conflict management, working with difficult people, defusing anger, as well as informative seminars on identifying the high risk student and threat assessment will be offered throughout the year.

Members of the Chattahoochee Technical College community may come in contact with students who are distressed or agitated. It is important for all of us to become aware of the signs that may indicate that a student is having difficulty handling their life situation. It is also wise to remember that some people may be under significant stress but not show any outward signs. Faculty and Staff may find that a referral to Student Support Services rather than the Behavioral Intervention Team is more appropriate.

Standard of Conduct

One mission of Chattahoochee Technical College is to provide technical and adult education programs for the people of Georgia. To fulfill this mission, Chattahoochee Technical College must provide opportunities for intellectual, emotional, social, and physical growth. Technical College students assume an obligation to act in a manner compatible with the fulfillment of the mission. The Technical College community recognizes its responsibility to provide an atmosphere conducive to growth. With these principles in mind, Chattahoochee Technical College establishes this Student Code of Conduct.

The administration reserves the right to maintain a safe and orderly educational environment for students and staff. Therefore, when, in the judgment of College officials, a student's conduct disrupts or threatens to disrupt the College community, appropriate disciplinary action will be taken to restore and protect the atmosphere of collegiality and mutual respect on campus. This procedure is intended to provide an orderly protocol for handling disciplinary cases in accordance with the principles of due process and justice.

A faculty member is responsible for maintaining discipline in the classroom setting to the extent that all students in that class have an opportunity to participate in the learning process. Free exchange of ideas through appropriate dialogue is a necessary and important part of the learning process. Outside the classroom, other areas of the campus provide support services, which are also important to the total learning process. Sometimes a faculty or staff member may be confronted with a situation where the conduct of a particular student or students is so inappropriate that it impedes the natural and necessary learning process.

Outside the need for immediate security interaction, all incidents of disciplinary violations of the CTC Student Code of Conduct inside and outside of campus property (in the form of inappropriate emails or phone calls) shall be reported first to an individual's supervisor or in the case of academics, the division chair or dean in accordance with the procedure outlined below. Faculty, staff, or students who are witnesses to or victims of incidents of alleged violation of the Student Code of Conduct should contact the supervisor, division chair or dean to submit a statement as soon as possible following the incident.

1. General Disruptive Behavior, Where No Immediate Threat of Danger is Present

- a. If the situation is not imminently dangerous, the faculty or staff member may control the immediate situation by requiring the student(s) to meet specific criteria (not speaking during the remainder of the class period, leaving the classroom or office area immediately), or the faculty member may choose to dismiss the class for the remainder of the period to avoid a confrontation.
- b. The faculty or staff member must contact their supervisor, division chair or dean as soon as possible. The supervisor will determine if the incident

requires documenting the alleged misconduct and any action taken against the student to include bring it forward to the Behavioral Intervention Team.

c. Once contacted, chair or a designate will conduct a preliminary investigation and will advise as to the appropriate course of action in each situation.

2. Seriously Disruptive/Dangerous Conduct

a. In situations where a student's conduct is both disruptive and poses imminent danger to the health and safety of himself/herself or others, immediately contact the CTC Police at 770-529-2311. The responding officer at the time of notification shall remove the student from the area immediately. The CTC officer will investigate the incident and will advise as to the appropriate course of action in each situation.

Student Rights and Responsibilities

Students of Chattahoochee Technical College are guaranteed all of the rights, privileges and freedoms

granted to a citizen of the United States. In addition, they are entitled to an environment that is conducive to learning and individual growth. To this end, students enrolled at Chattahoochee Technical

College assume a citizen's responsibility to abide by federal, state, and local laws. Violations of statutory

laws, or of Chattahoochee Technical College student conduct regulations or other Technical College

System of Georgia policies, rules and regulations may lead to disciplinary actions by Chattahoochee

Technical College. These regulations do not deny any previously guaranteed rights and privileges, but

ensure a pleasant educational environment for all Chattahoochee Technical College students.

Effective and timely decision making, communication, and individual responsibility and accountability are critical to excellence in the delivery of service to our students and communities. As such, the Commissioner shall develop a procedure incorporating these principles to be applicable to all technical Colleges and the System Office.
